The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or occupation of the soldier at the time the injury was received, or disease contracted, stating particularly whether the injury was received at the disease contracted in the line of his duty, and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

1. The first of these is the fact that the majority of the population of the United States is now living in urban areas. This is a result of the process of urbanization, which has been going on since the beginning of the 20th century. The population of the United States has increased from about 100 million in 1900 to over 200 million in 1950, and the majority of this increase has been in urban areas. This has led to a concentration of population in a few large cities, which has in turn led to a number of problems, such as overcrowding, pollution, and traffic congestion.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or place, or situation of the soldier at the time the injury was received or disease contracted, stating particularly when the injury was received or the disease contracted, and the time of his duty; and whatever other facts may aid in the determination as to the cause, immediate or remote, of the injury, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or assistant of other rank having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as $\frac{1}{2}$, $\frac{1}{3}$, &c., &c.; and to state particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or organ, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The physician will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the patient, after a personal examination, and for the reason that the nature, degree, and extent of the disability are correctly stated in the within certificate."

Medical Regulations, Part. 18th.

Medical officers, in giving certificates of disability, are to exercise particular care in all cases that have not been under observation; and especially in epilepsy, convulsions, chorea, chorea, and innumeration, derangement of the urinary organs, cancer, ulcers, or any obscure disease liable to be cured or purposely produced; and in no case until such advice be given until after sufficient time and examination to detect any attempt at deception.

FINAL STATEMENT

OF

Sergeant Leroy M.

19 Reg't of Ky. Cav. Inf'ty

VOLUNTEERS.

NOTE 1.—Two of these certificates (or duplicates) are to be given to each volunteer soldier who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, arrears due, and the cash or other officer commanding the company necessary to the act of the delivery of the duplicate certificate. As these certificates the Soldier is "entitled to" his discharge and must present his discharge to the Paymaster to have the payment covered on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificate.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact, and also in the time he has pay due for having been so mounted on his own horse.

NOTE 3.—Amounts due the Sattler and Launderer must be entered on the Muster Roll, at which the death, desertion, &c., is reported, as well as on the final statement, otherwise the amount cannot be collected from the United States.

NOTE 4.—This blank will be used for deceased volunteers as well as others.

I certify, on honor, that Henry M. Lee a Sergeant of

Mr. John Brown.

Commanding 19th Regiment

Kindly introduce myself.

I hereby tender my resignation as second assistant of the 19th Regiment Kentucky volunteers Sept 27.

I bidⁿ resignation to be immediate and unconditional.

The following are the grounds upon which I have my resignation.

For the last three months I have had a very chronic disorder, and I do not believe that I will get out of it, as long as I remain in the service. I also have an enlargement

of the prostate wire, requiring which has become very painful so much so that I can neither walk nor ride without suffering considerably from

that I depend entirely
upon my old doctor

It is to certify that I have no Government

property in my possession and that I am not in arrears to the Government in any way. The last paid by my father to settle the 31st day of

Dec 1862. was entered into the service on the 2nd day of Jan 1861. I have not been absent from the

Regiment without proper authority since I was

mustered into the service.

The company commander will here add a statement of all the facts known to him concerning the disease or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the disease occurred, or disease originated or appeared; the duty, service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may be deemed pertinent as to the cause, immediate or remote, of the disability, and the circumstances attending it.

NOTE 2.

When a *probable* case for pension, *special* case must be made to state the *degree* of disability—as *1*, *2*, *3*, &c., &c.—and also the particularity the disability, wound, or disease, the extent to which it deprives him of the use of his arms, or of his leg, or affects his health, strength, and ability to perform, or entirely to labor or earn his subsistence. The pension will rest, from his knowledge of the facts and circumstances, and from the evidence in the case, as to the nature and origin of the cause or origin of the disability. The fact of discharge by Medical Inspectors, the date of discharge, will state that the "discharge was given by the Medical Board, after a personal examination, and that the nature, degree, and origin of which are correct and true in the words contained."

I CERTIFY, ON HONOR, That I have carefully examined the above-named Volunteer, agreeably

to the General Regulations of the Army, and that, in my opinion, he is free from all bodily defects and

duties of an armed soldier, I have strictly observed the Regulations which govern the recruiting

service. This volunteer has dark eyes, dark hair, dark complexion, is five

$\mathcal{H} = \{ \mathbf{h}_1, \mathbf{h}_2, \dots, \mathbf{h}_N \}$ is a set of N independent and identically distributed (i.i.d.) samples from a Gaussian distribution with mean μ and covariance Σ . The samples are used to estimate the parameters of the distribution. The maximum likelihood estimates (MLE) of the parameters are given by:

$$\hat{\mu} = \frac{1}{N} \sum_{i=1}^N \mathbf{h}_i$$

$$\hat{\Sigma} = \frac{1}{N} \sum_{i=1}^N (\mathbf{h}_i - \hat{\mu})(\mathbf{h}_i - \hat{\mu})^T$$
 The MLE estimates are unbiased and consistent. The MLE estimates of the parameters are used to construct the maximum likelihood estimates of the probability density function (PDF) of the Gaussian distribution. The MLE estimates of the PDF are given by:

$$\hat{p}(\mathbf{h}) = \frac{1}{(2\pi)^{d/2} |\hat{\Sigma}|^{1/2}} \exp \left\{ -\frac{1}{2} (\mathbf{h} - \hat{\mu})^T \hat{\Sigma}^{-1} (\mathbf{h} - \hat{\mu}) \right\}$$
 where d is the dimension of the data. The MLE estimates of the PDF are used to construct the maximum likelihood estimates of the log-likelihood function. The MLE estimates of the log-likelihood function are given by:

$$\hat{\ell}(\mathbf{h}) = \log \hat{p}(\mathbf{h}) = -\frac{1}{2} (\mathbf{h} - \hat{\mu})^T \hat{\Sigma}^{-1} (\mathbf{h} - \hat{\mu}) - \frac{d}{2} \log (2\pi) - \frac{1}{2} \log |\hat{\Sigma}|$$
 The MLE estimates of the log-likelihood function are used to construct the maximum likelihood estimates of the log-likelihood ratio. The MLE estimates of the log-likelihood ratio are given by:

$$\hat{\ell}(\mathbf{h}_1, \mathbf{h}_2) = \hat{\ell}(\mathbf{h}_1) - \hat{\ell}(\mathbf{h}_2)$$
 The MLE estimates of the log-likelihood ratio are used to construct the maximum likelihood estimates of the log-likelihood ratio test statistic. The MLE estimates of the log-likelihood ratio test statistic are given by:

$$\hat{\ell}(\mathbf{h}_1, \mathbf{h}_2) = \hat{\ell}(\mathbf{h}_1) - \hat{\ell}(\mathbf{h}_2)$$
 The MLE estimates of the log-likelihood ratio test statistic are used to construct the maximum likelihood estimates of the log-likelihood ratio test statistic. The MLE estimates of the log-likelihood ratio test statistic are given by:

$$\hat{\ell}(\mathbf{h}_1, \mathbf{h}_2) = \hat{\ell}(\mathbf{h}_1) - \hat{\ell}(\mathbf{h}_2)$$

Feb. 22, 1867

Capt. Wood. I received of the 14th
regt. Feb. 12 inst. morning applied for a cer-
tificate as unable to proceed on his regim-
entation. I decidedly certify that I have
carefully examined the Officer and find
that he is suffering from Chronic Rheuma-
tism of left side and dyspepsia and that in
consequence thereof he is unfit for duty.
He has not been able to perform military
duty for three months and is now confined
to his bed, in a state of weakness.
I further state my belief that the period
of his recovery will be very distant and
if kept in the service, I believe that will
not be one month.

to the Comptroller of the Army, and that, to my opinion, he is free from all liability defects and
inced thereby which would in any way damage him from performing the duties of a soldier.

and as it is so unconditinal, and immediate

Reasons- A vacancy has occurred in the office
of Captain of Co. F. 19th Regt. and being wholly un-
educated not able to read or write. I do
not regard myself as competent to fill the
position of Captain & as I am informed
you do not think it proper to promote me
but another of lower rank now in-
dicates such circumstances I believe it will result in
more harmony in the Company & amongst its
other officers & therefore in good to the service
if my resignation is accepted & I therefore
respectfully but earnestly request the Com-
